

Risk Assessment for goblin events UK.

**Reviewed:** 16/03/2017

**Assessed by:** Laura Horsfall, Head of Marketing and Communications, Greenpower Education Trust

**Reviewed by:** Becca Platfoot

**Circulation:** Greenpower staff, volunteers and anyone by request.

KEY									
GP= Greenpower staff		S= Students (participating)		P= Public (including parents)		T = Teachers/supervisors		V= Volunteers	
Severity					Likelihood				
1 = Minor injury treated on site	2 = minor injury treated off site	3 = over 3 day injury	4 = major injury	5 = Fatality	Certain =5	Very Likely = 4	Likely = 3	May Happen =2	Unlikely = 1

**Comments:** Risk Assessments of the site are the responsibility of the organisers at the venue.

Activity	Hazard	People affected	Risk (severity x likelihood)	Existing control measures	Residual Risk	Additional actions
<b>Travel to and from location</b>	Accident en route	All	5x1= 5 Medium	<ul style="list-style-type: none"> <li>Teams organising own transport</li> <li>At least one teacher/supervisor will be travelling with each party</li> <li>School responsibility</li> <li>Schools have off site activity policy</li> </ul>	Low	Vigilance by staff/supervisor
<b>At event</b>	Risk of trips, slips or falls moving	All	4x1=4 Low	<ul style="list-style-type: none"> <li>Health and Safety information to be given at briefing</li> </ul>	Low	Vigilance by Greenpower staff

	equipment.			<ul style="list-style-type: none"> <li>• Teacher/Supervisor/Team Leader to accompany group at all times</li> <li>• Teacher/supervisors, volunteers and Greenpower staff to be vigilant as they normally would</li> <li>• First aiders to be present at all times</li> <li>• Volunteers to contact Greenpower staff and first aiders in the event of problems</li> <li>• Staff and volunteers to take care to use correct lifting techniques and use trolley/lifting equipment where available/suitable.</li> </ul>		and volunteers
	Injury in the paddock/pits.	ALL	4x2=8 Medium	<ul style="list-style-type: none"> <li>• Health and Safety information to be given at team and volunteer briefings</li> <li>• Teacher/supervisors to brief team on driving and pit procedures</li> <li>• First aiders to be present at all times Isolating switches to be turned to off at all times when vehicle is stationary.</li> <li>• Only authorised team members with identifying wristbands are allowed into pit areas.</li> <li>• All team members and volunteers briefed on pit procedures prior to events.</li> </ul>	Low	Vigilance by Greenpower staff and volunteers
	Injury on track.	S, GP, V	4x2=8 Medium	<ul style="list-style-type: none"> <li>• Health and Safety information to be given at team and volunteer briefings</li> <li>• Teacher/supervisors to brief team on driving procedures using Greenpower theory test and circuit guide</li> <li>• First aiders to be present at all times</li> <li>• Greenpower staff also qualified first aiders.</li> <li>• Drivers stopped for dangerous driving and reprimanded</li> </ul>	Low	Vigilance and quick response from Greenpower staff and volunteers

				<ul style="list-style-type: none"> <li>• Safety of car inspected at scrutineering and ensure compliance with regulations at all times</li> <li>• Drivers always to wear mandatory safety equipment, checked at every start/driver change by volunteers</li> </ul>		
	Batteries.	ALL	4x2=8 Medium	<ul style="list-style-type: none"> <li>• Batteries used are of the safest possible construction with no danger of acid leaks.</li> <li>• All batteries inspected for danger of shorting and damage at scrutineering.</li> <li>• All batteries are heavy and must be handled in accordance with lifting guidelines. Batteries must only be lifted singly, not in pairs.</li> <li>• Cars with front isolators and no fuse will have their wiring checked before they have chance to switch the car on.</li> </ul>	Low	Vigilance from Greenpower staff, teacher/supervisor and volunteers
	Loose object damage.	S, V, GP	4x1=1 Low	<ul style="list-style-type: none"> <li>• All drivers must wear protective equipment required by regulations and checked at each start/driver change by volunteers.</li> <li>• Race surface checked regularly for loose objects by staff, marshals and volunteers. These are removed immediately.</li> </ul>	Low	Vigilance from marshals and volunteers
	Student taken ill on site.	S, T	4x1=4 Low	<ul style="list-style-type: none"> <li>• Pupils instructed to inform their teacher/supervisor if they feel ill</li> <li>• Teacher/supervisor to locate First Aiders. Ring emergency services if necessary.</li> <li>• Teacher/supervisor to follow school procedures re: contacting parents</li> <li>• Greenpower to be informed of any</li> </ul>	Low	Vigilance by Greenpower staff and volunteers

				pre-existing conditions that may have an impact on any participant.		
	Student goes missing on site.	S, T	4x2=8 Medium	<ul style="list-style-type: none"> <li>Group will be accompanied at all times by teacher/supervisors/team leader</li> <li>If student not located, phone police. Teacher/supervisor to follow school procedures re: contacting parents</li> </ul>	Low	Vigilance by Greenpower staff and volunteers
	Fire in buildings on site.	ALL	5x1=5 Med	<ul style="list-style-type: none"> <li>In event of a fire, all to assemble at fire assembly point – this will be announced on PA system</li> <li>Teacher/supervisor to follow school procedures re: contacting parents.</li> <li>In event of an injury, volunteer to locate first aider. Ring emergency services if necessary</li> <li>Teacher/supervisor to follow school procedures re: contacting parents if necessary.</li> </ul>	Low	Vigilance by Greenpower and site staff, volunteers and teacher/supervisor
	Students left in care of an unsuitable person.	S, T	4x1=4 Low	<ul style="list-style-type: none"> <li>All Greenpower staff and regular volunteers CRB checked</li> <li>Teacher/supervisor to accompany group at all times – which is stated in pre-race information.</li> </ul>	Low	Vigilance by staff/supervisor and volunteers
	Cars colliding with spectators or other competing vehicles.	All	4x2 = 8 medium	<ul style="list-style-type: none"> <li>All event areas are surrounding by sufficient barriers.</li> <li>Double barriers are places in all areas where people are able to stand to view the event.</li> <li>Access is blocked and monitored to the end of event areas, preventing pedestrians entering the active areas.</li> <li>All participants and adults are briefed</li> </ul>	Low	Vigilance by staff/supervisor and volunteers.

				<p>on the dangers of the cars under power; all are instructed that they must not run under power outside of the designated areas.</p> <ul style="list-style-type: none"> <li>• All are instructed to switch off vehicles when they complete an event by marshals.</li> <li>• Additional marshals are placed at the beginning of events, preventing cars running before the area is clear.</li> </ul>		
	Cars colliding with volunteers in the event area	V, GP, S	4x2 = 8 Medium	<ul style="list-style-type: none"> <li>• Time keeping volunteers can stand on the outside of the event area.</li> <li>• All volunteers within the event area are briefed on the risks and offered alternative roles.</li> <li>• All volunteers are instructed not to attempt to stop Goblines if they go off course.</li> <li>• All areas are double barriers where people can stand the other side of them.</li> </ul>	Low	<p>Vigilance by staff/supervisor and volunteers</p> <p>Consistent briefings of volunteers.</p>
	Feather flags on barriers/fencing ect	All	4x2 = 8 medium	<ul style="list-style-type: none"> <li>• Flags must not be used if there is severe wind.</li> <li>• Flags should be placed at low height when near accessible areas.</li> <li>• Flags may only be placed at height when in a restricted area (only accessible by staff).</li> <li>• Weights must be secured to flag poles.</li> </ul>	Low	Vigilance by staff and on site checks.
	Vehicle movement on site	All	3x2 = 6 Medium	<ul style="list-style-type: none"> <li>• Warning about moving traffic will be given in briefings and when signing on people will be told about the open section of the car park.</li> <li>• Viewing areas will be away from the active car park.</li> <li>• Suitable barriers will be placed between the active car park and event</li> </ul>		

				<p>areas.</p> <ul style="list-style-type: none"> <li>•</li> </ul>		
<b>Staff and volunteers</b>	<p>Scrutineering:</p> <p>Moving parts Electricity Sharp edges</p>	ALL	3x2 = 6 Medium	<ul style="list-style-type: none"> <li>• All volunteers will be fully briefed before taking out scrutineering – even those with previous experience.</li> <li>• All volunteers will be warned of the dangers of moving parts.</li> <li>• All volunteers will be asked to report anything they're unsure of to a member of GP staff.</li> <li>• All volunteers will be asked to ensure the car is switched off before scrutineering.</li> <li>• All teams are aware that all sharp edges should be covered suitably as part of the regulations.</li> <li>• Volunteers are advised to ask if there are any sharp edges before touching the car as part of the briefing.</li> </ul>	LOW	Vigilance by staff and volunteers,
	<p>Safety checks:</p> <p>Moving cars Sharp edges Moving parts</p>	V	2x2=4 Low	<ul style="list-style-type: none"> <li>• All volunteers will be given a full briefing.</li> <li>• All teams will be instructed to have their power switched off until on the start line.</li> <li>• All cars will have passed scrutineering before safety checks take place.</li> <li>• All volunteers will be supplied with a high visibility vest to wear throughout.</li> </ul>	Low	Vigilance by staff and volunteers
	<p>Time Keeping:</p> <p>Moving cars Cars failing to stop</p>	V, GP	3x3 = 9 Medium	<ul style="list-style-type: none"> <li>• All volunteers will be given the choice to stand outside of the event area.</li> <li>• All volunteers will be instructed to take their safety above timing the cars.</li> <li>• GP staff will ensure the volunteer feels able to move themselves with ease should a car go in the wrong direction if they wish to stand within the event area.</li> </ul>	Low	Vigilance by staff and volunteers

				<ul style="list-style-type: none"> <li>• Any volunteer stood within the event area to time keep should not have restricted mobility.</li> <li>• All volunteers will be supplied with a high visibility vest to wear throughout.</li> <li>• All volunteers will be instructed <b>not</b> to attempt to stop cars which have failed to stop.</li> <li>• All events will be surrounded by barriers, preventing cars travelling further to cause any damage.</li> </ul>		
	<p>Flag waving:</p> <p>Cars under power</p> <p>Cars failing to stop</p>	V	3x2 = 6 Medium	<ul style="list-style-type: none"> <li>• All cars will be switched off until they are ready on the start line, to prevent any driving of cars before the event.</li> <li>• All volunteers will be positioned in the safest position possible at the beginning and end of events.</li> <li>• All volunteers will be supplied with a high visibility vest to wear throughout.</li> <li>• GP staff will ensure the volunteer feels able to move themselves with ease should a car go in the wrong direction.</li> <li>• The finishing flag position would not be recommended for volunteers who have restricted mobility.</li> </ul>	Low	Vigilance by staff and volunteers
	<p>Marshalling:</p> <p>Cars failing to stop</p> <p>Cars under power</p> <p>Misdirected cars</p>	V, GP	3x2= 6 Medium	<ul style="list-style-type: none"> <li>• All teams will be fully briefed on how to drive the course and how and where to stop.</li> <li>• All volunteers will be supplied with a high visibility vest to wear throughout.</li> <li>• All volunteers will be positioned in the safest possible place on the track.</li> <li>• GP staff will ensure that the volunteer feels able to move themselves with ease should a car go in the wrong direction.</li> <li>• This position would not be recommended for any volunteers with</li> </ul>	Low	Vigilance by staff and volunteers.

				restricted mobility.		
	Parking marshal	V, GP	3x2= 6 Medium	<ul style="list-style-type: none"> <li>• All volunteers will be supplied with a high visibility vest to wear throughout.</li> <li>• Volunteers will only act as a guide at a safe distance away from moving traffic.</li> <li>• Volunteers will be given a full briefing.</li> <li>• All vehicles arrive on site will be aware that speeds should be low on site in the pre-race information.</li> </ul>	Low	Vigilance by staff and volunteers
	Staff member or volunteers takes ill on site	V,GP	4x1 = 4 Low	<ul style="list-style-type: none"> <li>• First aid is available on site if required at all times.</li> <li>• More than one member of GP staff will be present at events, if a member of staff falls ill.</li> <li>• Volunteers are encouraged to travel together, meaning suitable transport is available if a volunteer should fall ill and need assistance with transport.</li> <li>• All staff will have mobiles with signal and credit available if additional medical support or assistance getting</li> </ul>	Low
